SAFARILAMINATE™ CONSTRUCTION

SafariLaminate™ is a unique thermal-laminate process used for the construction of many Safariland® products. This material is impervious to moisture, bloodborne pathogens, and does not break down like natural materials, making for an extremely durable and long-term professional looking product.

SAFARILAND FINISHES / COLORS

Traditional Leather Look - SafariLaminate construction offered in Plain, Basketweave and Hi Gloss

STX Tactical® - SafariLaminate construction with an exclusive "haircell" finish. It's famous for its incredible strength and abrasion-resistance, available in several colors

STX SafariLaminate construction offered in Plain, Basketweave and Hi Gloss

SafariSeven - An injection molded design with a proprietary nylon blend completely non-abrasive to the firearm's finish

STX TACTICAL® COLORS AVAILABLE

The ALS® or Automatic Locking System provides a high level of security without adding thumb breaks, snaps, or levers requiring the use of the trigger finger.

1. The ALS is a unique design that locks into the ejection port and is operated by the thumb once the SLS is released.
2. The SLS rotating hood has been tested and proven for many years on the 6280 and 6004 series of holsters. Simply push down and rotate forward as you obtain your shooting grip. To close, pull back on the hood, and the SLS self locks. There are no snaps or straps to manipulate.
3. The Hood Guard helps protect the SLS from impact and premature release, especially in an attempted takeaway. Included with all duty and tactical versions.
4. Constructed of SafariLaminate™, a thermal-molded holster to help protect the handgun and gun-mounted accessories for years of use.

The SLS rotating hood has been tested and proven for many years on the 6280 and 6004 series of holsters. Simply push down and rotate forward as you obtain your shooting grip.

1. The SLS rotating hood has been tested and proven for many years on the 6280 and 6004 series of holsters. Simply push down and rotate forward as you obtain your shooting grip. To close, pull back on the hood, and the SLS self locks. There are no snaps or straps to manipulate.
2. The Hood Guard helps protect the SLS from impact and premature release, especially in an attempted takeaway. Included with all duty and tactical versions.
3. Optional Sentry lever increases retention level by one.

Much like the ALS® with its intuitive draw, the GLS™ or Grip Locking System, is automatically disengaged when taking a shooting grip.

1. The GLS retention device operated by the middle finger, simply obtain a shooting grip to release the mechanism.
2. Automatically locks weapon in place upon holstering.

LEVEL I RETENTION™

RETENTION LEVELS

Officer safety is critical. That's why Safariland® created the Retention Level system as a guide to holster selection. The holsters in this catalog are classified by their Retention Levels to help you choose the right holster for your needs. In the interest of safety for police officers, Safariland introduced the Retention Level System in 1985, providing useful holster selection information to the marketplace. This system helped officers evaluate and make informed decisions on the type of holster needed for different scenarios and environments. Safariland set this initial standard, and to this day is the only holster manufacturer with established, strict testing criteria to evaluate the Retention Level of a duty holster.

EDW HOLSTERS

Safariland® offers a wide array of holster models to address the market expansion in the use of EDWs, or electronic discharge weapons. The Safariland SLS, ALS® and other safety features have improved the offerings of the EDW holster from a simple device to hold a weapon into a Retention Level-quality holster.

6520 // SLS EDW HOLSTER WITH CLIP

- Level II Retention™ holster
- SLS (Self Locking System) Rotating Hood
- Clip-on style belt loop with ability to fit 1.5" (38mm), 1.75" (45mm), 2" (50mm) or 2.25" (58mm); belt clip is user-adjustable for cant angle
- Designed for vertical or cross draw carry
- Closed bottom with drain hole to protect cartridge and officer
- SafariLaminate™ construction with suede lining
- Available in Plain Black, Basketweave, Hi Gloss, Nylon Look, STX or STX Tactical® finishes (all colors)

520 // THUMB BREAK CLIP-ON STYLE

- SafariLaminate™ construction with suede lining
- Clip-on style belt loop with the ability to fit 1.5" (38mm), 1.75" (45mm), 2" (50mm) or 2.25" (58mm) belts
- Belt clip is user-adjustable for cant angle; designed for vertical or cross draw carry
- Closed bottom with drain hole to protect cartridge and officer
- Available in Plain Black, Basketweave or Hi Gloss finishes

BACK

6342 // ALS® EDW HOLSTER WITH CLIP

- Level I Retention™ holster
- ALS® (Automatic Locking System) securely locks the electronic discharge weapon into place without any straps or snaps to manipulate
- Standard ride with belt clip that fits 1.5" (38mm), 1.75" (45mm), 2" (50mm) and 2.25" (58mm) belt widths
- Ergonomically designed ALS release that is completely operable with the thumb; depress lever, slightly rock back to draw
- Thermal-molded SafariLaminate™ construction protects EDW and sights
- Available in STX finishes

ALS
automatic locking system
6312
// AMBIDEXTROUS
VERSION

5122 // OPEN TOP EDW WITH BELT CLIP

- Safety on the Taser® EDW is automatically activated once the weapon is reholstered
- Trigger guard detent offers reliable weapon retention
- Thermal-molded SafariLaminate™ construction protects EDW and sights
- Open-top design allows for quick draw and reholstering
- Closed bottom with drain hole protects cartridge and officer
- Comes standard with 745BL Belt Clip offering 3 different cants
- Fits belts from 1.5" (38mm) to 2.25" (58mm) in width
- Available in STX Tactical® (all colors), STX Plain, STX Basketweave, or STX Hi Gloss finishes

6287 // SLS EDW BELT LOOP

- Level II Retention™ holster
- Rides close to body
- SLS (Self Locking System) Rotating Hood
- Adjustable cant, can be worn strongside or cross draw
- Closed bottom with drain hole to protect cartridge and officer
- SafariLaminate™ construction with suede lining
- Available in Plain Black or STX Tactical® finishes

521-CAP // EDW CARTRIDGE ACCESSORY PLATE

- Attaches to the 745BL Belt Clip
- Provides convenient storage area for additional EDW cartridge
- Available for Models 520 & 6520
- Available in Plain Black, Basketweave, Hi Gloss or Nylon Look finishes
- Holster sold separately

HOLSTER DUTY ACCESSORIES

HOLSTER MOUNTING PLATFORMS

Safariland® offers the broadest line of holsters for law enforcement, so it follows that we would also provide the most extensive line of mounting platforms and accessories for our holsters. These options add versatility, comfort, and convenience as you perform your duties.

UNIVERSAL BELT LOOP

// (UBL) STYLES

- Will not pinch or add pressure to hip bone (support ridge removed from the belt shank)
- Locks onto the duty belt with belt slot design, no belt tension screws needed; will not damage top of belt
- Compatible with any holster with the 3-hole pattern

RIDE HEIGHTS FOR VARIOUS BODY STYLES

Mid-ride: standard ride height

Low-ride: drop version 1.5" below waist

Mid-ride with HDA: drop version 2" below waist

6070UBL-PAD 6075UBL-PAD

- Provides a soft pad between the body and Universal Belt Loop (UBL)
- Helps address comfort issues associated with wearing a duty belt for long periods of time
- Works equally well for both male and female officers

6070UBL
// 2" OR 2.25"
MID-RIDE UBL

6075UBL
// 2" OR 2.25"
LOW-RIDE UBL

6072UBL
// 2" OR 2.25"
HI-RIDE UBL

P2201
// CONVERTS 2.25" UBL TO
A 2" BELT SLOT

6281HDA
// DROPS HOLSTER BY 2"

SPACER KITS

Spacer kits are available that position the holster away from the body to accommodate various body shapes. The kits are designed for use with Safariland 3-hole pattern holsters and tactical accessories.

// T-SPACER-KIT

- Positions holster farther away from body for a smooth and comfortable draw
- For use on holsters only

// HDA-KIT

- Designed to lower holster by 2" (50mm)
- For use on holsters only, right and left hand specific

// OVAL SPACER-KIT

- Positions upper portion of holster farther away from body without spacing the bottom any further, giving an increased "outward" cant

// CUSTOMIZED-KIT

- Positions holster farther away from body for a smooth and comfortable draw
- For use with holsters or accessories

HOLSTER MOUNTING PLATFORMS

566BL

- Rides 1" or 2" higher than standard 567BL belt loop
- Fit belt widths up to 1.5" (38mm)

567BL // 1.5" TO 2.25"

- Seven different options available up to 2.25"

745BL // BELT CLIP

- Designed with a 3-hole pattern, allowing interchangeability among various Safariland holsters
- Clips on/off belt without having to remove other accessories on rig
- Made of durable nylon; will pass a Level I Retention™ pull test
- Fits belt widths from 1.5" (38mm) to 2.25" (58mm)

PATENTED

568BL // UP TO 1.75"

- Fits up to 1.75" belt widths
- No belt necessary for use

NEW

565BL // HI-RIDE CONCEALMENT BELT LOOP

- Can be used on any Safariland® 3-hole pattern holster
- Available in 1.5" and 1.75" belt widths

6004-DFA // DROP FLEX ADAPTER

- Allows user to wear a thigh rig below the hip without shifting weight farther down the leg
- Keeps rig from sliding on belt
- Can be used on belt widths up to 2.25" (58mm)
- For use in conjunction with the 6004-10 Leg Shroud

6004-UFA // UNIVERSAL FLEX ADAPTER

- Allows user to wear a thigh rig below the hip without shifting weight farther down the leg
- Hole pattern on UFA makes connecting to various mounts possible, including the 568BL Paddle, ELS Fork, QLS Fork, or 745BL Belt Clip
- For use in conjunction with 6004-10 Leg Shroud

with QLS

with ELS

with 568BL

DUTY BELTS

• All belts available in Black unless otherwise specified, and buckles are offered in a choice of chrome or brass finish

031
// D-RING BELT 1.5" (38mm)

- Reinforced instructor-style belt
- Lined with loop material

51
// GARRISON WITH SQUARE BUCKLE 1.75" (45mm)

- Full grain leather construction
- Includes removable square chrome or brass buckle

99/999
// BUCKLELESS™ REVERSIBLE BELT 1.5" (38mm)

- Loop can be worn on the outside, creating a Buckleless system
- Order 999 for belt without loop lining

992
// REVERSIBLE SAFARILAMINATE™ BELT 1.5" (38mm)

- Lined with loop material
- Designed to be worn under duty belts with hook as the foundation of the Safariland® Buckleless™ system
- The 992 is the contour version of the 99

942
// CONTOURED BUCKLELESS™ BELT 2" (50mm) OR 2.25" (58mm)

- Tip of belt points to the right side of the officer
- Greater all-day comfort by distributing weight evenly; no sharp edges to dig into hips
- Lined with hook to mate with 99 underbelt
- Features a hidden brass hook closure

94/94P
// BUCKLELESS™ BELT 2.25" (58mm)

- Features a hidden brass hook and a hook and loop closure on both ends
- Belt is lined with a band of hook and loop and attaches to the lining on the Model 99 or 992, completing the Buckleless system
- 94P without hook and loop

87/87V
// SAM BROWNE BELT 2.25" (58mm)

- Standard duty belt with a suede lining
- 4-stitch design with free-sliding keeper to hold belt tip in place
- Double-tongued buckle and center belt stud fasten belt firmly around waist
- 87V with hook lining

146/146V
// BORDER PATROL WITH BUCKLE 2.25" (58mm)

- Billeted belt design with 1.25" billets and buckle
- The 1.25" (32mm) and 2.25" (58mm) keepers hold the interior and exterior belt tips in place
- 146V version features hook lining

872
// CONTOURED BELT 2.25" (58mm)

- 4-stitch design with suede lining and free-sliding keeper to hold belt tip in place
- 2.25" (58mm) duty belt is contoured for proper alignment and greater comfort
- Greater all-day comfort; no sharp edges to dig into hips

875
// SAM BROWNE STITCHED EDGE BELT 2.25" (58mm)

- Standard duty belt with a plain border stitch
- Double-tongued buckle and center belt stud fasten belt firmly around waist

4325
// NYLON BUCKLELESS™ REVERSIBLE BELT 1.5" (38mm)

- Hook and loop closure
- Lined with loop material

4332
// ELS™ TACTICAL BELT 2" (50mm)

- Features full length hook lining
- Buckleless™ design features two large knobs for locking in ELS mounting holes
- Pre-cut ELS mounting holes for straight up or angled attachment of ELS Receiver Plates
- Available in Nylon Look, Tan or Foliage Green finishes
- ELS sold separately (see page 84)

832
// QAS DUTY BELT 2.25" (58mm)

- Pre-cut ELS (Equipment Locking System) and QLS (Quick Locking System) holes in the belt for mounting ELS 35 and QLS 22 Receiver Plates
- Buckleless™ design features two large studs that fit into pre-cut holes instead of buckle
- Features full length hook lining
- Available in Nylon Look, Plain Black, Basketweave or Hi Gloss finishes
- ELS and QLS sold separately (see page 84)

4832
// LIGHTWEIGHT DUTY BELT 2.25" (58mm)

- Full length hook lining for use with Safariland Model 99 or 4325
- Buckleless™ design featuring hidden brass hook
- Up to 30% lighter than standard duty belts

4320
// PADDED BELT LINER

- Provides a padded buffer between duty belt and body
- Helps eliminate possible bruising and other comfort issues associated with wearing a duty belt for long periods of time

6004-6 // STANDARD DOUBLE LEG SHROUD

- Features harness and shroud to mount holsters and accessories
- Ambidextrous

6009-110

// SINGLE STRAP LEG SHROUD WITH D-RING

- Utilizes a unique D-Ring on the strap for increased leg flexibility
- Single leg strap design
- Minimally-sized leg shroud for decreased footprint on the thigh

6005-10

// SINGLE STRAP LEG SHROUD WITH QUICK-RELEASE

- Features harness and shroud only to mount accessories and holsters
- Leg straps feature silicone strips for non-slip traction
- Ambidextrous

6004-27

// DROP FLEX ADAPTER ON SINGLE LEG SHROUD W/ QLS 22

- Allows user to wear a thigh rig higher on the leg with more stability, eliminating leg shroud movement
- Sits low enough for use with body armor and in vehicles, while also providing two mounting points for accessories
- Includes QLS 22 Receiver Plate (can also be ordered with MLS Receiver Plate or plain)
- Fits belt widths up to 2.25" (58mm)
- Available in Black, Foliage Green or, FDE Brown, or Coyote Brown finishes

Shown here with 568BL Paddle and 6004-10 Single Strap Leg Shroud

6004UFA-6

// UNIVERSAL FLEX ADAPTER

- Allows user to wear a thigh rig below the hip without shifting weight farther down the leg
- Hole pattern on UFA makes connecting to various mounts possible including 568BL Paddle, ELS Fork, QLS Fork or 745BL Belt Clip
- For use in conjunction with 6004-10 Leg Shroud

6009VE

// D-RING STRAP WITH ENHANCED HOOK & LOOP BELT ATTACHMENT

6009VE

6005VE

// QUICK-RELEASE BUCKLE WITH ENHANCED HOOK & LOOP BELT ATTACHMENT

6005VE

- Fits Safariland® tactical leg shrouds
- Belt attachment portion can be detached when not needed
- Secondary hook and loop flap ensures continuous attachment to belt when in use
- 6009VE model provides easy lateral movement

6009-11

// D-RING STRAP

- Provides easy lateral movement
- Fits all Safariland® tactical shrouds

6004-11

// LEG STRAP ONLY

- Fits tactical holster systems
- Replacement strap for standard tactical rigs

LEG SHROUDS & ACCESSORIES

6005-23

// MLS ACCESSORY FORKS ON QUICK-RELEASE STRAP

- Allows mounting of any tactical holster with quick-release leg strap directly to the MOLLE loops on the side of a vest or MOLLE web belt
- Enables user to forgo wearing a belt and put the weight onto a load-bearing vest and thigh rig
- Ideal for combining with a tactical vest without having to make any changes to a duty belt to be ready as a first responder

6009-23

// MLS ACCESSORY FORK ON D-RING

- Allows mounting of any tactical holster with D-Ring strap directly to the MOLLE loops on the side of a vest or MOLLE web belt
- Enables user to forgo wearing a belt and put the weight onto a load-bearing vest and thigh rig

4145

// MUNITIONS BUTT STOCK CADDY

- For 37/40mm impact rounds and 12-gauge rounds
- Elastic straps to fit many butt stocks
- Holds (3) 40mm or (5) 12-gauge rounds

NEW

PRA

// PICATINNY RAIL ADAPTER

- Allows the placement of any 2-hole pattern Safariland® tactical or competition accessory onto Picatinny rail systems

NEW

MSA

// MOLLE SLIDING ADAPTER

- Compatible with Model 71 Tactical Universal Magazine Pouch
- Easily slides and locks into MOLLE webbing; removable in seconds
- Minimal space used on MOLLE vests
- Permits multiple pouches lined up side to side

4555

// SHOOTERS' RANGE BAG

- Removable center carry compartment has zippered, padded side panels for 4 separate handgun compartments
- Adjustable hook and loop dividers to personalize accessory space
- Magazine pouches conveniently sewn into main storage area
- Two large exterior pockets, two large end pockets with flap closure and a fully lined interior
- Full-wrap carry handles make it easy to move gear to different shooting stations
- Outer carry bag has dual zipper top for easy access and full coverage, flat side zipper pocket, ID window, and large outside zippered pocket for towel, shooting glasses or hearing protection
- Overall dimensions: 14" x 9" x 10"

774

// RIFLE MAG POUCH

- Clip-on belt attachment to fit 1.5" (38mm) to 2.25" (58mm) belts
- Adjustable for carry angle
- SafariLaminate™ thermal-molded construction with tension device
- Ambidextrous
- Can be ordered with QAS Locking Forks attached
- Available in Black, Foliage Green or, FDE Brown, or Coyote Brown finishes

GUN CASES

Safariland® gun cases are feature-laden and made from rugged ballistic pack cloth and are offered in black only unless otherwise specified

4553

// PREMIUM DUAL HANDGUN CASE

- Full interior closed-cell foam surrounded by soft lining for safe handgun storage
- Four outside magazine/accessory pouches
- Dual concealed pockets to individually protect handgun
- 12" length to carry up to 6" handguns
- Wraparound handles

4552

// DUAL RIFLE CASE

- Heavy-duty lockable zippers, one adjustable outside covered accessory pouch
- Large dual handgun/accessory pouch with individual hook and loop enclosed handgun areas
- Closed-cell protective foam padding and 2-in. perimeter lip
- Assorted accessory pockets inside case
- Adjustable padded shoulder harness for shoulder carry
- Includes adjustable backpack-style carry straps that tuck away in storage pocket when not in use
- Available in Black or Tan and in 36" or 46" lengths

4556

// 3-GUN COMPETITION CASE

- Heavy-duty lockable zippers, two adjustable outside accessory pouches
- Large dual handgun/accessory pouch with individual hook and loop enclosed handgun storage areas and 4 pistol mag pouches large enough for extended magazines
- Closed-cell protective foam padding and 2-in. perimeter lip
- Assorted accessory pockets inside case
- Adjustable padded shoulder harness for shoulder carry
- Includes adjustable backpack-style carry straps that tuck away in storage pocket when not in use
- Unique zippered barrel expansion slot on side of case can be opened to allow use of longer firearms (up to 51")
- 46" overall length (with expansion slot closed)

QUICK ATTACHMENT SYSTEMS

Safariland® Quick Attachment Systems, consisting of the QLS, ELS and MLS represent the coming together of technology with the requirement for modular and versatile products. Originally designed for the military to quickly transfer the holster from the leg to the vest, the QAS family has now gone beyond strictly military functions to include law enforcement, concealed carry, and sporting applications. Whether the scenario facing you involves the need to adjust holster location to conserve space while boarding an APC or to quickly switch out magazine types before the latest 3-Gun match, the QAS family of products will help accomplish your goals.

MLS (MOLLE LOCKING SYSTEM)

- Provides a holster or accessory with a quick, easy, and secure attachment to any MOLLE loop-equipped apparel
- Allows for quick removal and installation between attachment points such as the MOLLE vest, belt loop, and/or tactical leg shroud
- Allows many types of Safariland® holsters and accessories to be mounted at various orientations and angles to suit the needs and preferences of the individual user
- Operator can rearrange gear quickly and easily without the use of tools
- Allows holstered weapons and accessories to be removed without removing apparel, such as vest, leg shroud, or belt
- Mount almost any holster or accessory in the right position for any mission

MLS16

1. MLS 16 ACCESSORY LOCKING FORK

- Threads directly through MOLLE lops to mount pouches, or into the back of the QLS 22 or ELS 35 for attachment of pouches and holsters to vests
- Colors: Black, Foliage Green, OD Green, FDE Brown, or Coyote Brown finishes

ELS (EQUIPMENT LOCKING SYSTEM)

- Provides a mounting platform for any tactical and competition accessories to be placed in various locations, including belt clips and tactical rigs or directly on MOLLE loops with the use of an MLS 16 Locking Fork
- Fork attaches to any tactical or competition accessory, including the 774 Rifle Mag Pouch, 78 Slimline Dual Magazine Pouch, and Impact Round cases
- Receiver plate mounts to any thigh rig, 744BL belt clip or MLS 16 fork (for use of ELS on MOLLE loops), or can be attached directly to the pre-cut mounting holes on any QAS belt
- A quick pinch of the thumb and index finger allows the removal of any product attached to the fork unit for attachment on any other ELS 35 location
- May be purchased with or placed directly onto the 744BL belt clip for convenient waistline location
- Useful in quickly switching out accessories while maintaining the same root product, whether it be a belt, thigh rig or magazine pouches for a competition event, etc.
- Very small receiver footprint (1 7/8" W x 2 3/4" H)

ELS 34 & 35

1. ELS 34 EQUIPMENT LOCKING FORK

- Mounts to any tactical accessory, then connects to the ELS 35 Receiver Plate
- Colors: Black, Foliage Green, OD Green, FDE Brown, or Coyote Brown finishes

2. ELS 35 EQUIPMENT RECEIVER PLATE

- Mount platform for tactical thigh rig or any other two-hole accessory location
- Colors: Black, Foliage Green, OD Green, FDE Brown, or Coyote Brown finishes

QUICK ATTACHMENT SYSTEMS

QLS (QUICK LOCKING SYSTEM)

- The QLS provides officers the ability to easily and quickly remove and secure their weapon without having to remove weapon from holster. Especially effective in correctional institutions and courthouse appearances
- Also effective for concealed carry in ease of transferring gun from body to other mounting point, such as vehicle
- Mount almost any Safariland® duty holster on an equipment belt with use of the Safariland UBL
- Provides a highly versatile holster system with a quick, easy and secure attachment to a variety of locations – belt, thigh rig, furniture, or vehicle, etc. Can also be used with the Safariland MLS 16 Accessory Locking Fork for attachment to MOLLE vests
- QLS System passes Level I Retention™ pull test

QLS 19 & 22

// FOR DUTY USE – PASSES LEVEL I RETENTION™ TEST

1. QLS 19 DUTY HOLSTER LOCKING FORK

- Mounts directly to the back of any three-hole pattern holsters, then connects to the QLS 22 Receiver Plate
- Colors: Black, Foliage Green, OD Green, FDE Brown, or Coyote Brown finishes

2. QLS 22 DUTY RECEIVER PLATE

- Mounting platform for the QLS 19 Duty Locking Fork. Attaches directly to Universal Belt Loop (UBL), thigh rig or other mounting platforms
- Colors: Black, Foliage Green, OD Green, FDE Brown, or Coyote Brown finishes

3. QLS 22L DUTY RECEIVER PLATE

- Same as the QLS 22 with an extra locking feature

LIGHT SYSTEMS

Safariland® brings innovative designs to today's light systems. The popular Rapid Light System (RLS™) offers a quality hand-held light and a weapon-mounted light all in one. The new Individual Light System (ILS™) features a distinctive tailcap that allows for instantly switching from low to high light.

RLS™ Rapid Light System
// RLS

1. Ambidextrous.
2. Super-bright LED technology (190 lumens) – bright enough to be your primary light. Prism Reflector System penetrates light up to 350 feet.
3. Uses 3 AAA batteries – no expensive proprietary batteries needed.
4. Integral clip for easy securement to belt or garment – no dedicated light mount holster required.
5. Fits most handgun models that incorporate an integral rail system – also mounts to rifles and shotguns that have a Picatinny rail.
6. Quickly transitions from standard flashlight to tactical illumination.
7. Can be operated with either thumb, or change to other side to operate with trigger finger. Push button provides controllable on/off illumination of target to minimize loss of handgrip, sight picture and exposure.
8. RLS™ mount will accommodate most hand-held compact lights in the range of .970 (24.6mm)- 1.060 (26.9mm) in diameter.

Easily and securely attaches to waistband or belt with integral clip

Push-button illumination

3 AAAs provide over 40 hours' use

RLSP // RLS LIGHT WITH PRESSURE SWITCH

- RLS™ Light System with tape pressure switch
- Eight inch cord for versatile positioning
- Pressure switch split for low 10 lumens or high 190 lumens

ILS-1 // INDIVIDUAL LIGHT SYSTEM

- Super-bright LED technology
- Features both a low and high light settings (peripheral buttons 10 lumens main button 190 lumens)
- Uses 3 AAA batteries (included) – no expensive proprietary batteries needed
- Integral clip for easy attachment to belt or garment
- Peripheral Buttons: 10 Lumens
- Main Button: 190 Lumens (ILS-1)

ILS-2 // INDIVIDUAL LIGHT SYSTEM

- Over 450 lumens on highest setting with 75 minute runtime
- Dual button tailcap design to instantly switch from 15 to 450 lumens without thumbing through a multi-stage pressure pad
- 6 AAA batteries provide power, difficult to find lithium batteries not needed
- Removable bezel design for scalloped or flat flashlight face
- Compatible with RLS mount
- Pocket clip for easy carry

RRL // ROGERS' RAIL LITE

- Ambidextrous design fits on any Picatinny/1913 rail
- Tail on/off switch is positioned right at shooters forward thumb
- Easy snap on and off installation
- Made of a heavy duty polymer yet is extremely light weight
- External rib design for added strength and grip
- Streamlight® Microstream® 28 lumen flashlight included

PATENT PENDING

RLSL // RLS™ LENS KIT

- Mounts onto the bezel of RLS™ light
- Red, blue, and green lenses included
- Can also be used with the ILS-1

RLSR // RLS™ REDUCTION SLEEVE

- Enables the RLS™ mounting system to be used with lights of both .90" and .80" diameters
- Slides inside RLS mount to easily accept narrower lights

RLSM // MOUNT FOR DUTY BELT

- Provides a small mounting platform on duty belt to attach the RLS™ light
- Will also accommodate any light, laser, or other accessory that will fit on a Picatinny or light rail
- Fits belt widths up to 2.25" (58mm)
- Also fits on leg shroud, MLS or ELS Locking Fork
- Included with RLS

CONCEALMENT HOLSTERS

Whether needing a holster for deep concealment, long hours of wear, or for a reliable off-duty carry holster, Safariland® offers them all. Our holsters offer quality, performance and innovation in a variety of popular designs and finishes.

- All concealment holster models are available in 1.5" (38mm), 1.75" (45mm), 2" (50mm), or 2.25" (58mm) belt slots, unless noted otherwise.

TEAM SAFARILAND

Since its inception in 1985, Team Safariland has been an integral part of developing and testing competition products. Safariland continually pushes the envelope with new and innovative competition holsters and accessories. Our newest gear, the ELS Competition belt, has raised the bar competition equipment, and the Model 014 Open Class holster brings a technological-edge to competitors.

TOM CAMPBELL

- 4-Time USPSA National Champion
- 6-Time IDPA National Champion
- 6-Time Indoor IDPA National Champion

MICHAEL VOIGT

- 2014 IPSC World Champion
- 2014 Ironman Senior Open Champion
- 2013 and 13-Time USPSA MultiGun National Champion
- 2013 and 3-Time Iron Man 3-Gun Champion
- 6-Time IPSC World Shoot Gold Medal Winner as part of US Team
- 2013 and 3-Time Texas State MultiGun Champion

COMPETITION RIGS

Team Safariland has completed another year of extensive field testing and shooting in competitive events, with the ELS System at the core. The combinations with this system are endless and it's changing the way shooters are rigging up for competitions.

TRAINING GROUP

Production/Single Stack Division Rig

The Production division is shot with standard handguns. Most popular in the division are Glocks, Smith & Wesson M&Ps, and Springfield XD's. Production division rigs are similar to Single Stack rigs with the exception of the handgun; in the Single Stack division a traditional 1911 is used. For both divisions, team members use the model 5197 holster mounted to a QLS System or the 5199 with belt clip. Most of us use the Model 771 pouch with the open front in the first reload location, and the Model 773 closed front pouches, which provide extra security for the rest of the magazines. Rob Leatham even likes this set up for L-10. Keeping the handguns and magazines in the same location enables the shooter to focus more on the competition and not relearning different positions.

Bianchi Cup Open Division Rig

The Bianchi Cup Open Division gun is a piece of art, generally a 1911 with a shroud for the barricade event, and an electronic red dot sight, these guns are truly a sight to be seen. The Metallic division is based on the 1911 with iron sights. For Bianchi Cup Open or Metallic divisions, either mount your 014 holster using the belt included, or as Doug Koenig prefers, mount the vertical adjustment rod directly to the belt. We use either the Slimline pouches that hold the magazines perpendicular, facing out from the belt, or the new Model 776 mag pouch, allowing us to carry eight magazines in a small area of space.

Multi-Gun Rig

When it comes to Multi-Gun competitions the versatility of the ELS System really comes into play. One of the biggest challenges with 3-Gun competitions is reconfiguring your rig for each course of fire. Not so with our ELS and QLS Systems. For Open Division 3-Gun competition, Mike Voigt likes to mount the 014 holster to a QLS Fork so that he can easily remove the holster when changing to stages where it's not needed. Speed is always paramount in competitions; this was a key factor in the design of the Model 6005-12. Both Mike Voigt and Maggie Reese, working very closely with the Safariland R&D team helped to design this model, which they currently use in 3-Gun competitions. Mike also uses the models 773 and 774 handgun and rifle pouches to further give him the edge needed to win matches.

For Tactical Scope Multi-Gun rig, we either use a thigh rig, featuring the Drop Flex Adapter, and either a 5197 or 6354 holster which provides added protection to the handgun, or mount a 014 using the QLS System as Mike Voigt does. We also have the option to mount a leg shroud on the left side to carry more ammo if needed.

IDPA Division Rig

IDPA shooting simulates self-defense scenarios and real life encounters using off the shelf handguns in a concealed manner. The holsters, belts, and magazine pouches used in this sport are from our concealment line, and are not what we typically refer to as competition equipment. Team Safariland has been hard at work developing new products and creating new features which incorporate the needs of IDPA shooters. The Range Series which includes the 5195, 5197 holsters and the 332 belt are all new for 2013 and well-suited for IDPA. These holsters and belt, used in conjunction with some of Safariland's tried and true pouches like models 079, 074 or 773 with the 744BL Belt Clip attached, is a winning combination for any IDPA shooter.

For USPSA handgun, Multi-Gun and Steel Challenge it all starts with the model 030 under belt. Next is the 032 ELS Competition outer belt. We designed it to be very strong to hold your holster and high capacity magazines in place, yet light and comfortable. Finally by attaching the Quick Locking Kit for larger capability and the Equipment Locking Kits for pouches and shell holders, a truly modular system is attained. This system makes it easy to change out holsters and accessories for whatever the course of fire calls and the ability to change from division to division.

Rob Leatham

Vice President Marketing, Equipment Products

COMPETITION HOLSTERS

5197 // RANGE SERIES OPEN TOP MID RIDE HOLSTER

- Adjustable belt loop eliminates common belt-bulging and does not interfere with draw
- Compact and lightweight
- Detent in trigger guard for reliable weapon security
- Low cut sides for ease of draw and added comfort
- Available in 1.5" (38mm) or 1.75" (45mm belt widths)
- Belt loop is user adjustable for cant angle; can even be worn cross draw
- IDPA approved
- Genuine SafariLaminate™ thermal-molded construction
- Available in STX finishes

5195 // RANGE SERIES OPEN TOP LOW RIDE HOLSTER

- Compact and lightweight
- Low cut sides for ease of draw
- Offset belt loop allows for a straight up draw
- Detent in trigger guard for added security
- Modular offset adapter accommodates the QLS19 locking fork, 745BL and 567BL
- IDPA approved; recommended for female shooters
- Available in STX finishes

014 // OPEN CLASS COMPETITION HOLSTER

- Body machined out of aluminum to stabilize the handgun, yet offers little resistance for a secure and fast draw
- Ball joint on holster allows complete freedom of movement to customize the handgun draw
- Fully adjustable nosepiece accommodates barrels from 5" to 7.5" (13cm – 19cm)
- Fits a variety of competition handguns, with or without red dot or magnified optics
- Injection-molded adjustable trigger guard lock
- Front nosepiece designed to retain handgun and help prevent gun from being knocked out of the holster once seated
- Incorporates a simple push lock which secures weapon into the trigger block
- Also available for Glock and S&W M&P
- Available in Black or Red finishes

Legal for the following divisions: Bianchi Cup Open Division, Steel Challenge Limited and Open Division, USPSA Open, Limited, & Limited-10 and USPSA Multi-Gun All Divisions

PATENT PENDING

WCM // WHEEL CHAIR COMPETITION MOUNT

- Adjustable clamp system for use on vertical or horizontal sections of wheelchair armrest or frame
- ELS Fork and Receiver on mounting bracket for quick removal of holster, weapon and mag pouches between stages
- Height adjustability for holster and mag pouches
- Heavy duty design to ensure very limited movement while drawing
- Fits frame tubes from .75" to 1.25"
- Ambidextrous
- Designed to work with 5198 holsters for production class guns and 014 holsters for open or limited division

Holsters and magazine pouches not included

002 // CUP CHALLENGE COMPETITION HOLSTER

- Features dual-tension screws on the holster body, one in back of cylinder and the other in back of barrel, allowing a balanced retention of the handgun
- Loop lined belt tab provides a firm and adjustable carry when used with the Safariland Model 032 hook-lined competition belt
- Accommodates both scoped and non-scoped revolvers as well as most revolvers with standard, heavy, and slab side barrels
- Built-in removable muzzle strap protects front sights
- Available in STX Tactical® or STX Basketweave finishes

4556 // 3-GUN COMPETITION CASE

- Heavy-duty lockable zippers, two adjustable outside accessory pouches
- Large dual handgun/accessory pouch with enclosed handgun storage areas and 4 pistol mag pouches large enough for extended magazines

- Loop on outer side to connect to model 032
- Available in Black with web finish

COMPETITION ACCESSORIES

778

// DUAL OPEN FRONT MAGAZINE POUCH

- Utilizes 90° adjustable belt loop
- Magazines sit against plastic rollers that reduce drag during draw
- Two sets of tension screws on pouches are threaded through rollers for adjustment and fast reloads
- Closed low-cut front on pouches helps secure magazine and prevents it from being knocked out of the front of pouch
- Fits belt widths up to 1.5" (38mm)
- Available in STX Tactical® or STX Basketweave finishes

779

// DUAL OPEN TOP SINGLE MAGAZINE POUCH

- Magazines sit against plastic rollers that reduce drag during draw
- Features two tensioning screws on back side of the holder to adjust tension on both the middle and end of the magazine
- Open-front design keeps index finger from touching the holder during reload, ensuring fast reload
- Fits belt widths up to 1.5" (38mm)
- Available in STX Tactical® or STX Basketweave finishes

778A

// ADAPTER PLATE

- Attaches to Model 771 or 773 converting it to a dual magazine pouch
